The Gardens on Harbour Island is a collection of 36 off-plan homes offering every homeowner a private oasis at the heart of Antigua's stunning west coast. Harbour Island sits at the heart of Jolly Harbour offering a number of interior and waterside villa plots. The plots at The Gardens are being offered with turn key construction, design, furnishing and management in place.

Hummingbird Villa

The Hummingbird Villa is a spacious open-plan home on 0.2 acres of waterfront land with many features including optional dock combining to make it an ideal Antiguan vacation home. The open-plan three-bedroom Hummingbird villa is ideal for owners looking for a two-story indoor-outdoor easy space in which to enjoy Antigua's beautiful climate, the sound of the birds and a private garden oasis with a pool.

ADD-ON: The Cottage

The Garden Cottage is the perfect addition if you'd like an additional guest room with any of our villa designs. Garden cottages start at an additional US\$135,525.
